Language: Russian

*The review of a book written by a Baptist from Chelyabinsk on Baptism at large. Having read what Sobolev wrote on the origin of Baptism and its relation to the Reformation, the reviewer concludes that it is the reproduction of the mythology of Landmarkism — the trend in U.S. Southern Baptism, emerged about 1847. The Landmarkists believe that during all the history of the Christian Church the secret tradition of adult re-baptism existed.*
